with everyone you know who may benefit, including Veterans, caregivers, service members and survivors.

We're making millions of Veterans eligible for [VA health care](#) under the [PACT Act](#). Here's what YOU need to know.

- If you served in **Vietnam**, the **Gulf War**, **Iraq**, or **Afghanistan**, you can enroll.
- If you deployed to **any combat zone after 9/11**, you can enroll.
- If you **deployed in support of the Global War on Terror**, you can enroll.
- And **even if you never deployed but were exposed to toxins** or hazards while training or serving on active duty here at home—by working with chemicals, pesticides, lead, asbestos, certain paints, nuclear weapons, x-rays, and more—you can enroll, too.

Bottom line: all Veterans who meet the minimum service requirements and were exposed to toxins and other hazards—at home or abroad—are eligible to enroll in VA care.

VA provides the best and most affordable health care for Veterans in America – and *this* is your chance to apply. Veterans who are enrolled in VA health care are proven to have better health outcomes than those who get their care elsewhere. And copays can be as low as \$0 for prescriptions, urgent care, outpatient care, and more.

Choosing VA means getting everything you need in one spot. Come see why 90% of patients said they trust VA for their health care. Even if you don't need this care today, you may need it tomorrow, or the next day, or 30 years from now. And once you're in, you have access for life.

DID YOU SERVE HERE?

If you served on the ground, in the airspace above, in territorial waters, or a ship that called there, you may be eligible for VA benefits and health care for over 300 conditions.

LEARN MORE about toxic exposure screening, toxic-exposure related benefits, and VA health care by visiting [VA.gov/PACT](https://www.va.gov/PACT) or calling 1-800-MyVA411 (1-800-698-2411).

YOU MIGHT HAVE BEEN EXPOSED TO:
